Williams urged that the Council defeat this ordinance because it would negatively impact the Northside of Lafayette. He questioned Pat Ottinger, City/Parish Attorney whether the Council

could legally do this since they had adopted ordinances in 2001 and 2003 putting a moratorium on new projects and if this would be considered a new project. Ottinger deferred to Pat Logan who confirmed that it is a new project. Ottinger explained that the Council clearly has the authority to adopt an ordinance that would supercede another ordinance.

(TAPE 1)(SIDE B)(113) Benjamin opined that this issue has been on the floor since 1987 that he would not support this ordinance and asked the Council to do the same. He also encouraged the citizens to get involved in their neighborhood organizations.

Mouton stated that it is unlikely that any of the projects that the money is taken from could be funded until after 2009 and only with new voter bond authority raising more taxes. He concluded by stating that the \$1,200,000 dollars that will be taken from unfunded projects is being turned into \$16,000,000 worth of improvements for Lafayette.

Upon question by Broussard, Stanley explained that the project is not an emergency project but that the State of Louisiana asked that Lafayette prioritize Verot School Road or Ambassador Caffery South since they are tracking both projects simultaneously. He stated that the Administration learned of the requirement of the \$1,200,000 match for local government in order for the State portion of Verot School project to proceed and if the funds are not allocated the State will stop the project and begin with the Ambassador Caffery South project first. Stanley also stated that the Administration is on record as supporting the funding for the frontage projects and the I-49 project.

Conque opined that the Council must address the needs of today, do projects that can be accomplished today that would benefit the greater needs of the entire City and Parish and that is why he is supporting the transfer of the funds.

Bourgeois asked that the Council consider proposing a resolution to come back to the Council to reinstate the funds for the I-10 frontage road as the possibility of funding becomes a reality.

(TAPE 1)(SIDE B)(716) Chair Menard called for a 5-minute recess. Chair Menard called the meeting back to order.
